LOCATION: 31st Fighter Wing, Commander’s Office/CC, Aviano Air Base, Italy

MAJOR DUTIES: The primary purpose of this position is to assist in performing routine support work related to the installation Italian Safety and Occupational Health program such as safety trainings, risk assessments, inspections/surveys, mishap investigations, as well as assisting the Base Competent Physician with prescription routine work and medical appointments for compliance with Italian Legislative Decree and subsequent provisions. Assists in performing routine support work in the safety field for installation assigned “Addetto al Servizio di Prevenzione” (ASPP) and/or “Responsabile del Servizio di Prevenzione e Protezione” (RSPP) that involves obtaining and giving factual information about safety. Assists in executing routine safety programs such as, safety training, risk assessments, surveys, inspections, evaluations, etc. Assignments cover a variety of routine tasks requiring the employee to apply basic knowledge of work processes, established safety standards, protective devices and accident measures in direct support and execution of the Italian Safety and Occupational Health Program to maintain compliance with applicable Italian /European Safety Law practices and procedures. Participates in preliminary investigations by inspecting areas and interviewing witnesses, takes notes for ASPP and/or RSPP review/evaluation. Discusses findings with operating officials to obtain compliance with recommended and write accurate inspection reports. Assists in the planning, evaluating and investigating reportable and non-reportable mishap situations. Collects information and documentation of mishap/injury and schedules site visits. Participates in surveys of facilities, equipment and operations to collect information, pictures and evidence of workplace and activities performed. Assists in the preparation of inspection supporting documentation/checklists. Documents inspections/site visits and prepares reports. Prepares risk assessment evaluation for review. Collects and informs of complaints or notifications of unsafe/unhealthy conditions reported by supervisors/managers, employees or appointed Employees Safety Representatives (ESRs). Maintains and updates automated database and files. Maintains safety records, collects information and documentation concerning new

projects/contracts. Assists ASPP and/or RSPP in planning and scheduling safety meetings/briefings, in particular with contractors, on safety requirements. Using statistical data, prepares charts, tables and reports. Prepares documentation for final review. Schedules for Base Competent Physician medical appointments and assists in identifying, planning, organizing and scheduling safety training that is required by organizational personnel. Supports the preparation of safety training and instruction on specific safety techniques. Identifies safety training needs on the basis of current workforce. Assists in preparing a variety of training material to provide and/or reinforce information related to safe work practices, accident prevention techniques and mishap reporting requirements. Reviews safety guidance for changes in applications and transmits new changes to the organization's supervisor. Assists the Base Competent Physician with routine prescription tasks. Informs required organizational personnel, to include respective supervisors/managers of required appointment and obtains confirmation of attendance. Maintains and updates database and files. Occasionally there may be a need to lift and carry moderately heavy objects in accordance with the Italian Safety Law. For further information, please contact the Civilian Personnel Office.
