FOR YOUR INFORMATION

Munitions and explosives of concern (MEC) may be present at New Boston Space Force Station and could present a hazard. MEC may be on land or in water, and may not be recognizable.

If you find any MEC or suspicious items, follow the 3Rs of explosives safety:

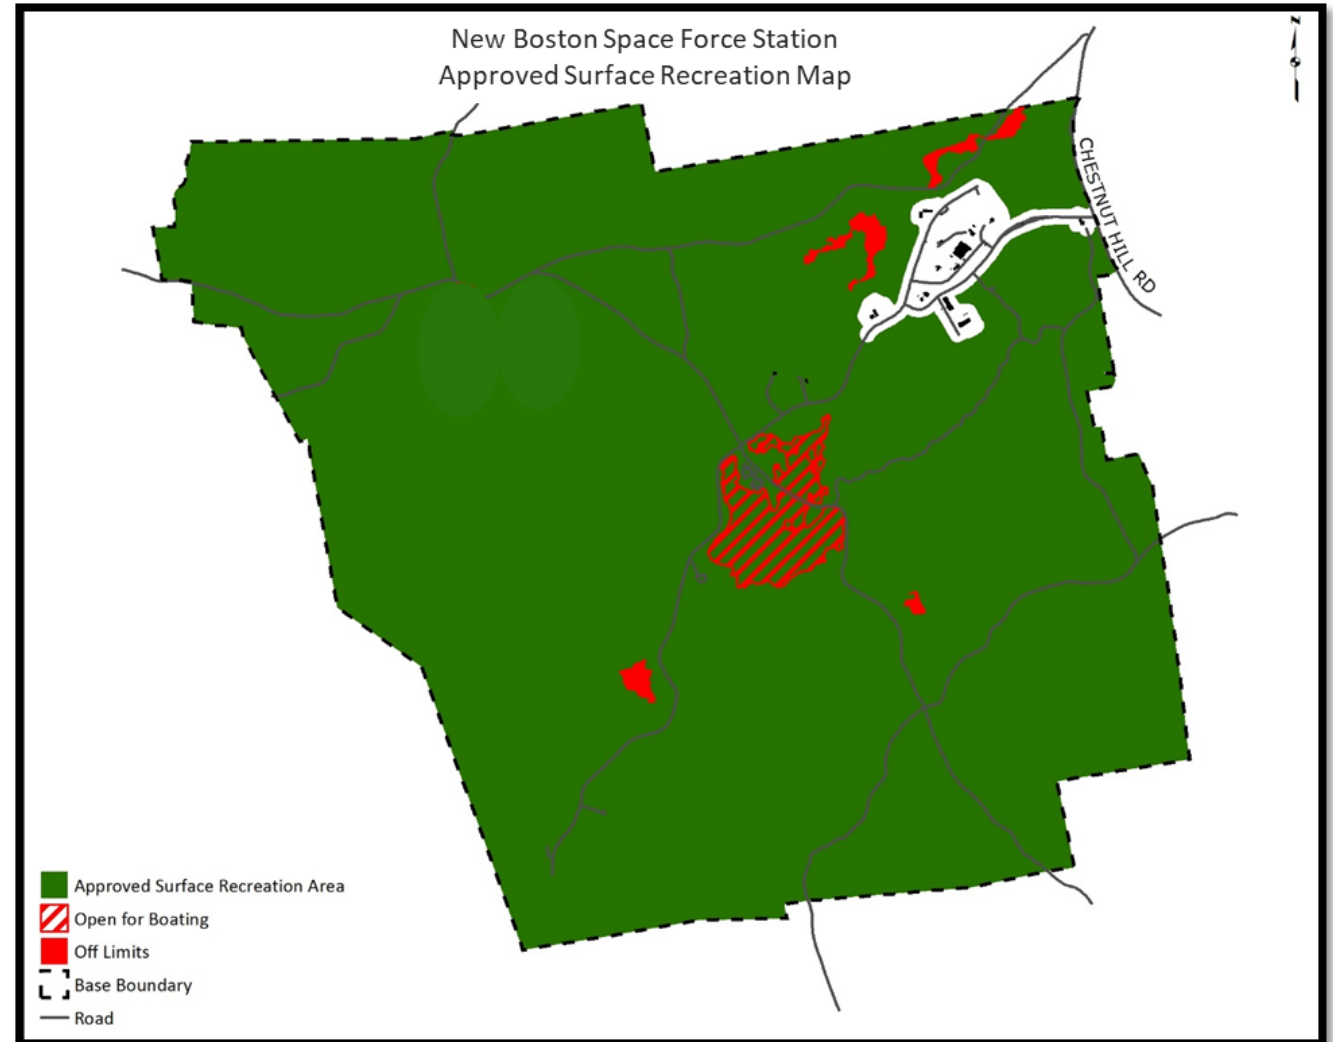

- R**ecognize MEC is dangerous.
- R**etreat Don't touch, move, or disturb MEC. Leave the area.
- R**eport Call Security at (603) 471-2285.

To reduce the risk of injury, please:

- NO MAGNETIC FISHING
- NO ANCHORS
- NO DIGGING
- NO MOTORIZED BOATING

DO

- **Recreate throughout the Installation (SURFACE ONLY)!**
- **Pay attention to signage!**
- **Retreat and report any UXO!**
- **Fish and boat only in dedicated ponds this includes Joe English Pond!**
- **Use Tent Stakes in Designated Camping Site Only!**

DON'TS

- **Dig anywhere unless you have an approved Explosive Safety Submission or an approved local Operational Risk Management Worksheet for the activity and the area has been cleared by a UXO technician!**
- **Fish, swim, wade or boat in any of the RED ponds!**
- **Touch any metal or suspicious objects!**
- **No Magnet Fishing in any body of water!**

Remember the 3 **R**s

- **Recognize**

- **Before entering an actual or suspected UXO contaminated area, get a UXO familiarization briefing from local explosive safety personnel. Be alert to anything unnatural – it may be UXO**

- **Retreat**

- **Do not move toward UXO. Immediately leave the area the same way you entered. Other UXO may be present. If you can see the UXO, it can “see” you.**

- **Report**

- **Note the location, route, landmarks, or any other features that would aid authorities in locating the UXO. Report this information to Security 471-2285.**
