

Acknowledgement of UXO Contamination and Other Recreational Safety Risks

By my signature below, I understand and agree to the following:

- I have been briefed on the history and presence of unexploded ordnance (UXO) on New Boston Space Force Station (NBSFS)
- I have received a training and awareness briefings concerning the status and progress of the UXO remediation project
- I have received training on how to properly respond to a UXO if sighted
- If I choose to recreate on NBSFS, it can only be done within the safe areas and I must follow the rules within those areas as specified on the NBSFS recreation map
- I am familiar with the map boundaries and the limits of the recreation areas
- I am responsible for any guests I bring on NBSFS. I will ensure all members of my group are briefed on what is allowed and not allowed. Groups/Parties of 10 or more require prior approval of the installation commander.
