FUN FACTS

Colorado is the only state in history to turn down the Olympics - In 1976 the Winter Olympics were planned to be held in Denver. Voters chose not to host the Olympics because of the cost, pollution and population boom it would have on the state of Colorado, and the city of Denver.

Truly a mile high - The 13th step of the state capital building in Denver is exactly one mile high above sea level.

The Eisenhower Tunnel is the highest auto tunnel in the world - The Dwight Eisenhower Memorial Tunnel between Clear Creek & Summit counties is the highest auto tunnel in North America. Bored at an elevation of 11,000 feet under the Continental Divide, it is 8,960 feet long and the average daily traffic exceeds 26,000 vehicles.
