Fire & Safety

Cooking is not permitted. Your room is equipped with a microwave. This is the only cooking appliance allowed in guest quarters. Use of portable cooking appliances (hot plates, small gas grills, George Foreman grills, etc.) is not permitted and will be referred to the Base Fire Department for action. Energy Conservation

Dobbins Inn is dedicated to conserving energy. You play an important role in helping us achieve our goals if you:

Turn off all lights, television, radio and your personal electronic devices you brought with you, every time you leave your room or when you are not using them.

Turn the water "ON" and "OFF" when shaving or brushing your teeth instead of letting the water run.

Take an 8 minute shower instead of 10 minutes.

During winter months, please turn your heaters down when not in your room. This will help reduce cost and prevent mold buildup.

Reuse your towel "one more time" and report faucet leaks immediately.

Note: All guests will be charged the total room charges up to a long-term stay of 30 days upon check-in. Guests staying longer than 30 days will have their credit card charged on day 31 to cover previous miscellaneous charges and room charges to cover up to another 30 day stay. Cash/check paying guests will pay in advance for the remaining days of occupancy.

Pecuniary Liability

While you are a guest in our Inn, US Government supplied equipment and fixed assets under your control are your responsibility. If, through negligence or abuse, an item is damaged or destroyed, you will be required to pay for the cost of repair, replacement, or cleaning of that item. If you see anyone abusing or misappropriating government property, contact the Front Desk by dialing "0" from your room phone or dial 678-655-4908. The Security Forces Crime Stoppers number is 678-655-2677.

Personal Effects & Property

Personal property should be secured in the safe or taken with you when you leave your room. Housekeepers are instructed not to pick up or move a guest's personal property at any time. Leaving items scattered around the room will result in your room not being cleaned thoroughly. For example, if you leave clothing or books on an unmade bed, it will remain unmade. This is to protect your rights and limit the liability of those who clean your room.

Personalization of Quarters

Occupants may not decorate or personalize their quarters. The furniture in the room has been arranged in the best possible manner. Please do not rearrange furniture since doing so can cause damage or a fire hazard. Walls may not be painted, marked or scarred. Tape and thumbtacks should not be used on walls, doors, or furniture. Pornographic, inflammatory, offensive, or prejudicial materials will not be displayed in guest rooms.

Pest Control

If you see any of these unregistered guests, it is not because we do not have an entomology program. It is due to the fact that no chemical has yet been developed that can permanently eradicate these pests without a human risk factor in terms of environmental health. If you see more than your share, call the front desk by dialing "0" from your room phone for special attention. You can help by properly disposing of food items in the waste basket and placing perishable and open food items in the refrigerator.

Reception Desk

Our reception desk is open 24 hours a day. Please contact a staff member, or dial "0" from your room phone if you need assistance.

Dobbins Air Reserve Base

Published December 03, 2007

Mission

Dobbins Air Reserve Base in Marietta, Ga., is the largest multi-service reserve training base in the world. Located 30 miles northwest of Atlanta, Dobbins ARB supports more than 10,000 guardsmen and reservists from the Army, Navy and Marines. The base is home to the 94th Airlift Wing, which is the host unit, and tenant units. Units including the 22nd Air Force headquarters, Naval Air Station Atlanta and the Georgia Army National Guard aircraft are assigned to different flying units at Dobbins and the base including the C-130 Hercules, DC-10, C-12 Beachcraft Kingair, C-560 Cessna Citation, FA-18 Hornet, E-2 Hawkeye, AH-1 Cobra, UH-1 Huey Blackhawk. The base boasts more than 7,000 take-offs and landings monthly.

Personnel

The population consists of nearly 2,500 Air Force reservists and civilians assigned to the 94th AW and 22nd AF combined. More than 2,000 Navy, Marine Corps and Army reservists are also stationed at the base.

Organization

Organizations at Dobbins include the 94th Airlift Wing, 22nd Air Force headquarters, Naval Air Station Atlanta and the Georgia Army National Guard.

As the host unit at Dobbins, the 94th AW has a three-fold mission. Its primary mission is to train C-130 Hercules aircrews for the U.S. Air Force - active duty, guard and reserve components. It also maintains combat-ready units that can deploy on short notice to support operations around the world. Finally the wing is responsible for providing a wide range of services including civil engineering, fire protection, air traffic control and other services to the base and its tenant units. The wing also provides maintenance for the airfield, which is used by NAS and Lockheed Martin/Air Force Plant #6, which is adjacent to the base.

The 22nd Air Force Headquarters, 22nd Air Force, is one of three numbered air forces in Air Force Reserve Command. 22nd AF is responsible for recruiting and training reservists and for maintaining subordinate units at the highest level of combat readiness. A by-product of training is to coordinate daily support of the active duty air force. 22nd AF's primary mission is to provide combat-ready airlift and support units and augments personnel requirements to Air Force Reserve Command in the United States. More than 27,000 reservists fall under the 22nd Air Force across 14 different states and 19 different states.

Naval Air Station Atlanta supports some 2,000 Navy and Marine Corps reservists in 31 different units. Fleet Support Squadron 46 (VR-46) flies the DC-9 Sky Train to support the Chief of Naval Operations airlift mission. Carrier Airborne Early Warning Squadron 77 (VAW-77) flies the E-2C Hawkeye in support of the national maritime drug forces in the war on illegal drugs. In addition, the C-12 Beachcraft Kingair transports personnel and cargo throughout the continental U.S. and Caribbean regions.

Marine Air Group 42 (MAG-42) staff headquarters is located aboard NAS Atlanta. The Marines have two squadrons located on the base. Marine Helicopter Light Attack Squadron 773 (HMLA-773) flies the AH-1W Cobra and UH-1 Huey helicopters and has made two deployments to Afghanistan since September 11, 2001. Marine Fighter Squadron 142 (VMFA-142) flies the FA-18 Hornet. VMFA-142's mission is to plan for the conduct of air operations in support of the Fleet Marine Force, supervise and train selected Marine Corps Reserve units, and ensure combat readiness.

FACT SHEET

The Georgia Army National Guard flies the UH-60 Blackhawk helicopters. Other Army units on the base include the Joint Operations Directorate, which provides counter drug support to civil authorities and operations planning.

Lockheed Martin/Air Force Plant #6, which is adjacent to the base, also shares the Dobbins runway. The corporation uses a 74-acre building to build the C-130 Hercules and the P-3 Orion. Lockheed built the C-141 Starlifter and the C-5B at that plant as well. Lockheed is currently producing the Air Force's F-22 Raptor, an advanced air-to-air fighter designed to replace the F-15 Eagle.

BRAC 2005

In its 2005 BRAC Recommendations, DoD recommended to close Naval Air Station Atlanta, Ga. As a result, DoD recommended to consolidate the Naval Air Reserve Atlanta, located at NAS Atlanta, with the Navy and Marine Corps Reserve Center forming the newly named Naval Operational Support Center Atlanta (NOSC) located at Dobbins Air Reserve Base. The recommendation also directed NAS Atlanta aviation assets be transferred to aviation bases in Texas, Louisiana, and Georgia which would result in increased maintenance efficiencies and operational synergies.

History

Dobbins ARB was built in 1943 and was originally called Marietta Army Airfield. In 1950, the name changed to Dobbins Air Force Base to honor Capt. Charles Dobbins, a pilot from Marietta. Captain Dobbins was killed during World War II when his C-47 aircraft was shot down over the Mediterranean Sea. In June 1992, the name was changed to Dobbins Air Reserve Base.
