Due to privacy act regulations, our office is unable to release Officers information. This causes a problem due to the number of requests we receive from organizations and individuals who would like to contact organizations for membership application information, to solicit organizations for charitable contributions/donations or to notify and invite their participation in community events, etc. If your organization would like to have information available for individuals or other organizations and military command use, we can do so. The only information the Private Organizations Monitor will list, is the presidents first and last name, phone number and email address.
