
From the General Manager

Welcome to Joint Base Elmendorf Richardson (JBER)! On behalf of the 673d Wing Commander, 673d Mission Support Group Commander, 673d Force Support Squadron Commander and the lodging staff, we welcome you to JBER. We hope your visit to Alaska will be a memorable one.

This guide has been prepared to acquaint you with our policies and available services. We have tried to put together a comprehensive book that includes most of the information that you, as a traveler, desire to know. During your stay, take time to see the sights, visit some of the establishments listed and above all else, enjoy yourself.

We realize from past experience that our guests have some needs we cannot anticipate and hope that you will bring them to our attention. The staff and base engineers try to maintain the highest standards of maintenance in all temporary lodging facilities; however, occasionally a switch may break or a faucet may leak. Should you have any problems or need information other than what is provided, please contact our front desk.

The management and staff appreciate customers' comments. Please take the time to complete the Customer Satisfaction Survey provided in your room and at the front desk., or online at www.Elmendorf-Richardson.com (ICE Comments).

We would like to know how to improve our customer service and provide you, the traveler, the best accommodations possible.

Once again, welcome to Lodging, JBER and Alaska.
Have a pleasant stay!

JBER Lodging

Welcome to JBER Lodging! We appreciate your company and hope that your stay is a comfortable one. Please do not hesitate to let us know if there is anything we can do to keep our *Air Force Inns* promise to you.

Welcome Valued Guest! We have provided you with a few complimentary items to get you through your first night's stay. Feel free to ask any Lodging team member if you need any of these items replenished. If you forgot to pack any other toiletry item, please come see us at the front desk. We should have what you need available for purchase.

The Air Force Inns Promise: “Our goal is to provide you a clean, comfortable room to guarantee a good night’s rest and pleasant stay. If any part of your stay with us is not satisfactory, please provide the lodging manager or front desk staff an opportunity to ‘make it right’.”

Safety

Earthquake Safety

Alaska, with all its beautiful scenery, sits on the edge of one of the earth's most active plates, the Pacific Rim. Because of this location, Alaska is subject to frequent earthquakes, though most of them are too small to feel. If during your stay you do experience this massive movement of ground, please do not panic and refer to this page for guidance.

HOW TO RIDE OUT THE EARTHQUAKE:

During a major earthquake, you may experience a shaking that starts out to be gentle and within a second or two grows violent and knocks you off your feet.

OR

You may be jarred at first by a violent jolt. A second or two later you'll feel the shaking, and you'll find it very difficult to move from one room to another.

- 1) If you are indoors, stay there. Get under a desk or a table. Stay clear of windows, bookcases, china cabinets, mirrors and fireplaces until the shaking stops.
- 2) If you happen to be in the kitchen, turn off the stove at the first sign of shaking and quickly take cover under a counter or a table.
- 3) If you are outdoors, get into an open area away from buildings, trees, walls and power lines.
- 4) If you are in your car, pull to the side of the road and stop the car. Do not park under overpasses or power lines. Stay in your car until the quake is over.

WHEN THE GROUND STOPS SHAKING:

- 1) Check for injuries and administer first aid as needed or as you are capable.
- 2) Do not use the telephone unless it is for a severe injury.
- 3) Wear shoes in areas near fallen debris and broken glass.
- 4) Check closets and cupboards. Open doors cautiously and beware of items tumbling off shelves.
- 5) Do not use your vehicle, unless there is an emergency. You will only hamper relief efforts. Keep streets clear for the passage of emergency vehicles.
- 6) **BE PREPARED FOR AFTERSHOCKS.** These are usually smaller than the main quake, but some may be large enough to do additional damage.

Earthquakes are seldom the actual cause of death or injury. Most casualties result from partial building collapse, falling objects and debris. Following these instructions will greatly increase your survivability.

Safety

Fire Precautions

To ensure your safety and the safety of others, please abide by the following fire prevention tips:

- ⇒ Smoking is prohibited in all lodging. Please use the designated areas outside of the building and dispose of your trash properly.
- ⇒ Do not store highly flammable products in your room or within 15 ft of your building.
- ⇒ Use of any heating/cooking devices other than those provided in your room are **not** authorized.
- ⇒ Do not use charcoal grills within 15 feet of any building.
- ⇒ Do not place appliances such as irons, coffee pots, etc. in lockers, drawers or on beds.
- ⇒ Please avoid overloading electrical circuits. Use of multi-plug devices is prohibited.
- ⇒ Do not leave cooking equipment unattended if you stay in lodging with a kitchen.
- ⇒ Burning of candles and incense is unauthorized.

Weapons

- ⇒ Weapons are not authorized in Lodging.

PLEASE FOLLOW GOOD HOUSEKEEPING PRACTICES

Safety

Evacuation Procedures

In the unlikely event that you are required to evacuate the facility, please proceed calmly to the designated meeting point. A lodging representative will respond to the area, take accountability and provide further instructions. Until a representative arrives, the senior ranking member will **take charge to ensure everyone's safety.**

A permanent collection depicts years of Alaskan history and also features art of the north from travelers, explorers and Native artists. Located at 121 W. 7th Avenue.

DELANEY PARK STRIP

Expanding over 15 blocks of downtown Anchorage is what is simply called the "Park Strip". You will find softball games and dogs playing fetch here during the summer. In the winter you can see snowshoe softball and dog mushing. Found between 9th and 10th Avenues.

TOWN SQUARE MUNICIPAL PARK

More than 13,000 granite bricks make up its walkways, each with a special message or the name of its contributor. Off of 5th Avenue, before F Street, Town Square is the center of many events and celebrations throughout the year.

ALASKA ZOO

You'll spot all kinds of Alaska wildlife at the zoo. Bear, moose, musk ox, seals and fox are among the zoo's many residents. They aren't open all the time, so call 346-3242 for more information.

PORTAGE GLACIER

Located 40 miles south of Girdwood off the Seward Highway, see a glacier up close and personal. In the winter you can walk up to it and touch this massive piece of ice and in the summer you can take a cruise up to it. It is about an hour outside of town, so plan ahead!

ALYESKA SKI RESORT

Located in a small town south of Anchorage called Girdwood, sits this Olympic-quality resort. Tram rides up to Mt. Alyeska are also featured for a spectacular view of the valley and Turnagain Arm.

ALASKA STATE FAIRGROUNDS

The two weeks before Labor Day are some of the most exciting times found out at Palmer, Alaska. A forty-five minute drive north on the Glenn Highway, will get you to the biggest event that brings the whole Alaskan community together. Entertainment, carnival rides, fair food, gifts, arts and crafts are only a few of the things found at the fair. **Different events held throughout the year.**

ANCHORAGE NIGHTLIFE

Alaskan winter nights are long and Alaskan summer nights are pleasantly short. Check out the Anchorage nightlife at some of these hot spots: **Chilkoot Charlie's, The Peanut Farm, and Humpy's Great Alaskan Alehouse.**

Arctic Valley Run - Race Route

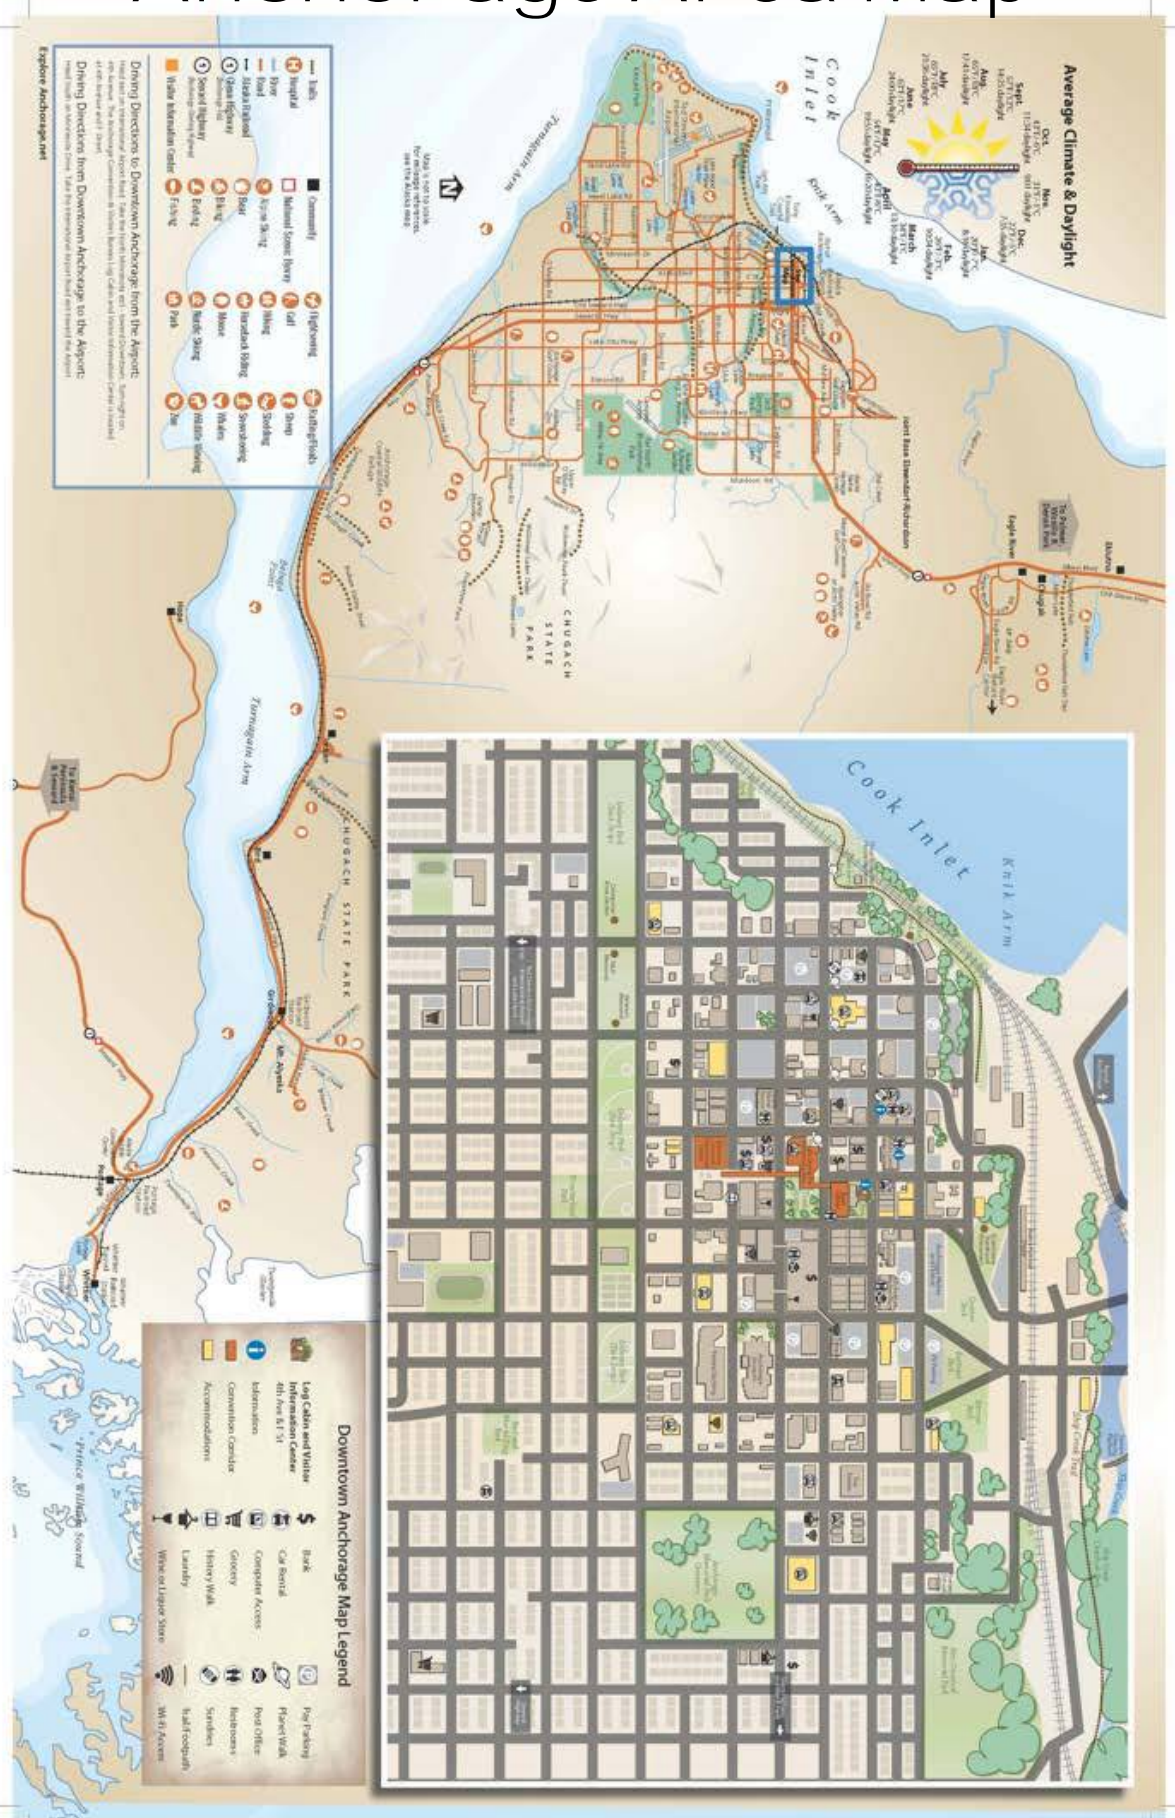

5 miles (800 vertical feet) or
12.6 miles (12,500 vertical feet)
This is the second oldest foot race in the state of Alaska! Held every summer and hosted by Buckner Fitness Center.

Always be aware of your surroundings and keep an eye out for wildlife while exercising and exploring in Alaska, even on the installation. Do not wear headphones while exercising outdoors, and be sure to wear bright and reflective clothing. It is always wise to carry bear spray and/or wear an animal bell. If possible, run with others and maintain conversation. Moose with young calves and males during rutting season are extremely aggressive; be aware of the season and maintain your distance.

Learn more about bear safety at the Outdoor Adventure Program free class, Bearawareness. Call 552.2023 or visit JBERLife.com/OAP for more information.
