Position Title/Series Grade/LPL	Firefighter - First Responder (Basic), MLC-3120, BWT 3-2, LPL: 2 (This position has promotion potential to Firefighter - First Responder (Advanced), MLC-3121, BWT 3-3, LPL: 3)		
Work Place	18 FSS/Det 1, OKUMA, Okuma Recreation Area	Number of position(s)	2
<p>Summary of duties: This position may be filled at BWT 3-3 grade level depending on the certification, qualification and training of the applicant. This position is a developmental position to Fire Fighter - First Responder (Advanced), MLC-3121. Performs as a basic Emergency Medical Technician (EMT) personnel by performing the less complex tasks in support of rescue operations in a defensive posture and the duties outlined in other fire fighter duties related Job Definitions. Work includes firefighting, rescue, emergency medical care, and efficient operation and maintenance of equipment. Performs as basic Emergency Medical Technician (EMT) personnel and performs the primary Emergency Medical Services (EMS) functions and assists medical provider. Performs basic medical care until the advance medical care arrives. Work includes administering first aid to injured victims and initial patient assessment by taking, recording and monitoring patient vital signs and obtaining background medical history. Controls hemorrhage, treats shock, immobilizes and or splints fractures, dislocations or breaks. Stabilizes and prepares patients for medical transport. Performs cardiopulmonary resuscitation (CPR) and uses fully automatic external defibrillators (AED). Responds to fire alarms and extinguish fires including structural, automotive, and petroleum fires and applies appropriate suppression agent. Lays and connects hose; holds nozzles and directs high pressure water streams, raises; climbs and works from ladders and uses or operates all equipment associated with the control and extinguishment of fire or other incidents. Searches for and rescues any potential victims. After confirming that human life is not endangered, works to extinguish the fire while stopping its spread. May ventilate the structure by cutting holes in the roof or breaking windows to reduce smoke and heat. Attempts to minimize damage to personal property from fire, water and smoke by using tarps and removing valuable items if possible. Work involves training for and participating in the protection of life and property by fire fighting, fire prevention, fire education, and rescue activities. Participates in drills, attends classroom training and studies techniques and knowledge pertaining to rescue operations, emergency medical treatment, and/or hazardous material activities. Maintains tools and equipment in good operating condition by cleaning, lubricating, and making minor adjustments and repairs. Uses and maintains care of emergency equipment; properly dispose of biohazards material; and replaces medical and expendable supplies. Conducts fire code inspections, hydrant flow testing, and community presentations on fire prevention and other public safety issues. Performs other related or incidental duties as assigned.</p> <p>Firefighter - First Responder (Advanced), MLC-3121, BWT 3-3, LPL: 3 In addition to the basic qualification and minimum training requirements under Firefighter – First Responder (Basic), must have completed or acquired required certifications that are applicable to the duties assigned to the position. All training must be completed and regulatory requirements met prior to promotion.</p>			
See next page for qualification requirements			

Qualification Requirements:

1. Must be a high school graduate or equivalent.
2. Must have the following DoD certification: Fire Fighter I & II.
3. Must be able to acquire the following certifications that are applicable to the duties assigned to the position within one year of appointment and continually maintain them through classroom training or on the job training:
 - First Aid, Cardiopulmonary Resuscitation (CPR), and Automatic External Defibrillator (AED) Certification
 - Medical First Responder Certification
 - Hazardous Material Awareness Certification
 - Hazardous Material Operations Certification
4. Must possess a GOJ driver's license (Manual Transmission)(自動車運転免許—マニュアル車) and be able to obtain/maintain a US military driver's license.
5. Ability to speak, read and write English at average proficiency level: LPL-2 is required.
6. Must be able to pass a security background investigation.

Job Related Requirements:

1. Must take required immunizations for Tetanus and Hepatitis B Virus.
2. Must be in good physical condition to perform assigned duties.
3. Must work under all type of weather condition, hazardous environments and stressful work conditions.
