Inside the castle are steep stairs and low ceilings leading past displays of armor and weapons from the Sengoku period ("Warring States") when the castle was built. The narrow wooden windows, once used by archers and gunmen, provide amazing views of the Japanese Alps, Matsumoto City and the koi and swans circling in the moat below. As the nation's foremost seaport, Yokohama has long been noted for its sophisticated international atmosphere. Your first stop will be a visit and lunch at Chinatown. You can explore the area and visit Yamashita Park which faces the Yokohama Harbor and extends along the coast line. Our last stop will be the Yokohama Landmark Tower. The tower includes a 190-store shopping mall and the Sky Garden Observation Floor (69th floor) where you can take in a panoramic bird's-eye view of Yokohama. Sitting nearby is the Hard Rock Cafe Yokohama located at Cosmo World.

Yomiuriland is one of the larger and best-known Japanese amusement parks. It features over 40 attractions, a seasonal light display and beautiful cherry blossoms throughout the park in spring. Bandit and Crazy Houston are Yomiuriland's signature rides and they are some of the more extreme rides in the park - but don't worry, there are much more relaxed and slower rides available.
